BUG CLUB WORKSHOP

Dear Parents and carers,

As some of you may be aware school has purchased a computer based reading programme called Bug Club from Pearson Publishing. The programme runs alongside our current reading scheme and the books are colour coded into book bands which are linked to the pupils reading age. There are a range of text types available to the children that include comics, information books along with a range of story books that have been written to engage the reader. Bug Club is an exciting way to develop your child's reading through the use of a colourful, interactive, online computer programme.

A Bug Club Workshop led by Mrs Ebblewhite and Mrs Pedley has been organised in school for Reception parents, with a choice of a morning or an afternoon session. It will give you a chance to see how the programme works and how it will help your child become a fluent reader.

You will have the opportunity to ask any questions you have about the programme and be given your child's login details.

The workshop will take place on **Wednesday 2nd December at 9.00am and 2:00pm** in the Small Hall.

TOUR OF THE NEW EARLY YEARS BUILDING

Following the workshop there will be the opportunity to walk around the new Parent Partnership and Early Years building. You will see where your child will be entering and leaving the building and the classrooms where they will be working.

I hope you agree that this is an exciting opportunity to support Fallings Park Primary and look forward to seeing you at the workshop.

Many thanks for your continued support.

Yours Sincerely

Mrs J Ebblewhite and Mrs S Pedley
